The screenshot shows the VR Hub interface with a dark theme. On the left is a sidebar with a list of simulation experiences, each with an icon: Lab Technician Experience, Truck Driver Experience, VR Fire Extinguisher Experience, HockeyVR, Fall Safety, Continuing Care Experience, Line Cook Experience, Room Attendant, Front Desk Manager Experience, HVAC Technician, Carpentry (Early Access), and Car Seal / Valve Maintenance (Early Access). The main area is titled 'Preferences' and shows two toggle switches: 'Allow session recordings' (enabled) and 'Ask for feedback occasionally after sessions' (enabled). Below the second toggle is a descriptive text: 'Enabling this will add a pop-up every once in a while to ask how your experience has been'. The top navigation bar includes a search bar, 'Give Feedback', 'Simulations', 'Add-ons/Upgrades', a user profile for 'Megan', and the 'App version 6.0.0'.

App version 6.0.0

Preferences

☒ Allow session recordings

Session recordings are sent alongside feedback to assist software development. If enabled, this may have a slight performance impact

☒ Ask for feedback occasionally after sessions

Enabling this will add a pop-up every once in a while to ask how your experience has been
