 Surgery

Aspen Medical Centre is a multi-disciplinary medical centre which focuses on patient outcomes. We are dedicated to providing the best in patient care and experience. We are here for our patients every step of the way!

Appointments are to be booked for any medical need the patient may have. Last minute appointments and walk-in patients are also required to call in and book an appointment with whatever walk-in doctor we have available at that time. (Students are covered for most health services under the Health & Dental Plan administered by Student Care/Student Union). Other specialist services that we provide here are by referral only.
