

ASPEN MEDICAL IS AN INDUSTRY LEADING HEALTHCARE SERVICE PROVIDER WITH GLOBAL REACH.

We specialize in providing first world healthcare in remote, challenging and complex environments. Aspen Medical was founded to provide services to government and private organisations that require outsourced healthcare solutions. Our vision is to be the preferred supplier of outsourced healthcare in complex and remote environments and we understand that different customers face different risks and challenges and thus require different solutions to their health service needs.

Aspen Medical has expanded significantly since its inception in 2003. We now have five offices, and operate in over seven countries.

Aspen Medical employs in excess of 1600 staff internationally, with a further pool of 1200+ pre-credentialed multi-disciplinary healthcare professionals available for deployment.

Wherever we're needed

Significant Projects:

Aspen Medical has a number of significant projects spanning numerous industries:

- Provision of 1300+ healthcare professionals to all 52 Defence Force bases in Australia (Defence);
- Provision of primary health care and 24/7 emergency medical services to Bechtel's Wheatstone Project (Resources);
- Provision of medical services and medical equipment to the Ministry of Defence (MoD) in Afghanistan (Defence);
- Supply and management of full spectrum medical services (including surgery and Aeromedical Evacuation) in East Timor and Solomon Islands (Government);
- Recruitment and provision of urban-based health professionals to strengthen and improve the delivery of primary health care to remote Indigenous communities in Northern Australia (Government);
- Provision of unique turn key Aeromedical Evacuation service to eight major oil and gas companies operating in Western Australia (Resources).

Scope of Aspen:

Aspen Medical can deliver:

- Full management and operation of healthcare facilities and staff, including surgery and allied health;
- Government health programs, such as indigenous health and locum support;
- Short-term projects, such as reduction in surgery or dental waiting lists;
- Medical evacuation solutions for industries, such as Defence and remote oil & gas suppliers;
- Placement of health professionals to support existing organisations; and
- Healthcare consultancy, Environmental health and training services.

Company Awards:

Aspen Medical has been recognised as a highly innovative, successful and professional operation. Below are just a few of our significant awards:
